

Self-certification of goods coming from

With this letter, the company Naturalmente Toscano Srls declares that the ancient grain grains marketed are grown in Tuscany.

The reproduction of ancient grains project "The Memory of Seeds" created by the Cultural Association La Piazzoletta "was also recognized by Slow Food as a Community of the ancient grains of Semproniano and Maremma.

The traceability of our products from sowing to processing is guaranteed both by our specifications made in collaboration with the University of Agricultural Sciences of Florence, as well as by the transparency on both sites: www.naturalmentetoscانو.com and www.lapiazzoletta.com, where all those that are part of the supply chain are listed
